Globe Trot: A Journey Around the World

SBOA Global
SCHOOL

SBOA Global School hosted an exciting project titled "Globe Trot" on November 21 and 22 to encourage students to learn about the cultures and traditions of different countries in a fun and interactive way. Each class was assigned a country, transforming classrooms into miniature versions of destinations around the world. From food and music to clothing and landmarks, the school turned into a global village for two days.

Students worked together to research their country's history, culture, geography, landmarks, and traditional customs. They used their creativity to design classroom exhibits that offered a vibrant and authentic representation of their chosen country. Cultural artifacts, replicas of traditional clothing, samples of customary foods, traditional music and dance demonstrations, and interactive games enhanced the immersive experience.

Chief guest Sangeeta IRS; Senthil Ramesh, secretary and correspondent, SBOA Educational Trust; president Nitish Andreyya; and J Ravikumar, correspondent, SBOA Global School, accompanied by principal Sreekala, visited each classroom destination, beginning at the lobby, which represented "India" as the take-off point. Visitors were given a visa at the entrance and had it stamped in every classroom they explored. Souvenirs and photo booths added to the authentic, tourist-friendly environment.

The "Globe Trot" helped students learn to research effectively, work collaboratively, and present their ideas with confidence. As visitors experienced diverse cultures, they were reminded of St. Augustine's words: "The world is a book and those who do not travel read only one page."
